

# Creative iPhoneography Workshop

Presented by:

**FOCUS**  
Adventures

A Weekend Workshop in Steamboat Springs, CO  
for iPhone & iPad users

Friday, July 20 (evening) - Sunday, July 22

Instructor: Karen G. Schulman

**Early Registration Discount - Save \$50 - See Below!!**

Focus Adventures is pleased to announce our next full-weekend Creative iPhoneography Workshop. This fun and inspirational workshop will give you an opportunity to learn a variety of methods to capture images and also process them on your iPhone or iPad using various inexpensive apps. We will also go out together on at least one local field trip. Participants need to have a basic understanding of their device and know how to download apps from the app store. The following devices are best for this class: iPhone 6S or later, iPad 2 or later. You can even work on photos that were made on another camera! Participants in previous iPhoneography workshops have created some amazing artwork! Check out the *Creative iPhoneography* Participants' Gallery on the Focus Adventures website.

## What we'll cover:

- Techniques to enhance all of your iPhone photography, including snapshots and travel photos
- Create very cool panoramas
- Create fine art photographs
- Which apps are best for which tasks
- Easy image retouching
- Create an iPhone/iPad workflow
- HDR imaging
- Learn how to add text to images and create collages

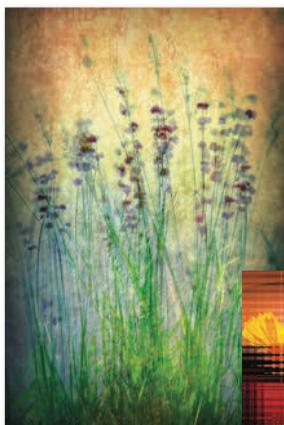

Friday evening, Saturday and Sunday 9am-5pm, July 20-22, 2018 at Karen Schulman's studio

Workshop Fee: \$375 includes dinner Friday evening, instruction, handouts and snacks.

**(Register with deposit by May 1st and pay only \$325!)**

Enrollment is limited.
